

WEEK FOR HOPE 2013

Ten years ago, on 29 June 2003, Pope John Paul II published the papal exhortation *Ecclesia in Europa*. The bishops of COMECE decided to organise a special *Week for Hope* to mark the tenth anniversary of *Ecclesia in Europa*. Today, in the light of the current crisis, scepticism and doubt sometimes seem to dominate.

However, looking back to what we have achieved in Europe, we should all remain **hopeful Europeans**. In this year of European citizenship, we encourage you to transmit your hopes through your work and personal commitment to European citizens by joining the *Week for Hope*, from 23-27 June at the heart of the European district.
